

WOMEN'S RING SIZING GUIDE

IMPORTANT NOTE BEFORE YOU PRINT

Before printing this ring sizing guide, make sure that page scaling is set to 100% in your printer settings area.

Place your finger on the ring that fits you on the circles below.
For proper fit make sure that black circle is visible within your ring.
That will be your ring size.

To double-check, place your ring finger on the next larger size and you should not see the entire circle.

If you are between sizes, we recommend sizing down to the nearest full size.
For example, if you are a 6.5 size down to a 6 to see how that size fits.

- MEASURE: Wrap it snugly around your finger for an accurate measurement.
